

# Scholarships for Study & Research in Europe

This project has been funded with support from the European Commission. This communication reflects the views only of the author. The Commission cannot be held responsible for any use which may be made of the information contained therein.

Sustainable Green Economies through Learning, Innovation, Networking and Knowledge Exchange

## About gLINK

gLINK is an Erasmus Mundus Action 2 (EMA2) project which aims to foster the partnerships of emerging Asian countries with the EU to develop teaching, learning and research capacity of higher education institutes (HEIs). The key objective of the gLINK consortium is to enhance the capacity for international cooperation between Universities in the Asian and EU countries by facilitating transfer of people, know-how, culture and best practice in training the next generation of researchers and academic staff. The gLINK project will focus on education, research and training in various disciplines with a strong focus on Smart Green Technologies and Sustainability in a wide range of application areas.

The multilateral collaboration at the level of higher education is based on exchange of

## 163 mobility scholarships

from both European and Asian partner countries with financial subsistence from the European Commission's Erasmus Mundus Programme.

## Scholarships (From Asia to Europe)

- Undergraduate students (10 months)
- Master Students (10 months)
